A TEMPERATE & ASTUTE WOMAN'S GUIDE TO WITCH HUNTING

Written by Caroline Cahill & Sabrina Barnes and Illustrated by Sabrina Barnes

I know you've all been there; sprawled out on a chaise lounge with a cigarette and Sazerac cocktail, musing upon your week, but a nagging thought just won't leave your head.

It's that girl, wreaking havoc again. She's cosmopolitan, embodies Stevie Nicks, and your husband noticed when she switched perfume, but not when you

scream in the bathtub. If this rings any bells, then, darling, you have a witch on your hands.

Now, a simpler woman might let this primadonna skate by unscathed, but not us; we're sensible contemporaries with just enough time to squash local wenches. So behold, your guide to her deserved demise.

Step One: Stake Out, Pun Intended.

Find all her regular haunts, learn her weaknesses, where she got those lace-up knee-highs, et cetera. You must practice your discipleship. Guzzle her energy drinks, mourn her taxidermy, shame her vegan niece. Learn her language, "for only the snake charmer can kill the snake." That's Leviticus: 6:9, right?

Step Two: Public Ridicule. Humiliation. Mortification.

Accidentally trip and spill your Merlot on her bodysuit. Allow the soaked fabric to reveal her studded bra to the whole funeral luncheon, and let Dorothy from the casserole table handle the rest. No one destroys a charlatan like a woman over 60.

Step Three: If You Can't Beat Her...

Burn down your country home, pour battery acid on your husband's Burberry suit jackets, frolic in the woods, and taste sweet, sweltering freedom for the first time in your godforsaken life since back in the summer of '73 when you did a ine with Ted Kennedy! Be cleansed, self actualize, fall victim to—

Step 4: Deep Breaths.

Remember this isn't you. You're not her, and thank God (right!?). Now, walk your dignified ass out of that bathroom and get back to handing out Communion. (Don't forget to wipe your lip gloss off of Father John's collar).

Gargoyle Album Review:

And I Don't Want the World to See Me by Fall Out Girl

By Trey Norbey

With their debut studio effort, the Duluth, Minnesota trio demonstrates that girls can be just as sad as boys, if not more. Groundbreaking tracks such as, "Then I Watched The Notebook Without You and Went Back to Bed" and "Who Cares If She Can't Check Her Tinder When We Get There" evoke new emotions that I never thought possible. And of course, who could forget the emotional closer, "Emily, Can't You See There's Nothing You Can Do, There's Loving Everywhere But None For You." These era-defining tracks shatter the expectation that this genre of music is purely the domain of angst-y teenage boys.

Women Begin Playing a New Game:

“HOOPBALL”

By Trey Norbey

Is what you probably thought while laughing hysterically at the above headline, but it's true! A new investigation by reporter Dick Pickle at ESPN finds that several female students at Ohio State University have been seen gathering at recreational centers on Monday and Wednesday nights to engage in some strange activity in which the objective appears to be to place a round orange ball into a raised net. “Hoopball,” as Pickle terms it in his study, has become very popular among young women who don't seem to understand the inherent absurdity of such a game.

Silly women, sports are only for men!

“Who would even come up with such a ridiculous thing?”, Pickle replied when asked to comment. “I've never seen anything like it in my life. I tried asking my wife if she knows anything about it, but these days I pretty much zone out after about thirty seconds of her talking.”

POP-QUIZ

By Trey Norbey

Can you tell which of the five following products is NOT a real product marketed toward women? The other four actually are, seriously.

1. Ms. Monopoly (“The First Game Where Women Make More Than Men”)

☐ Real ☐ Fake

2. “Lady-friendly” Doritos (just like regular Doritos, but they don't crunch as loud and don't have powder that sticks to your fingers so women don't have to be embarrassed eating them!)

☐ Real ☐ Fake

3. Honda “She's” Model (a pink car with pink seats, pink floor mats, and a pink steering wheel)

☐ Real ☐ Fake

4. Amazon Fire TV Stick “For Her” (with buttons for TLC, Hallmark, and Lifetime channels)

☐ Real ☐ Fake

5. “Go Girl” Energy Drinks (zero sugar and low-carb, obviously)

☐ Real ☐ Fake

If you answered fake for number 4, you are correct! Congratulations! You are now qualified to call yourself a middle class suppressed housewife.

QUEEN RHAENYRA

All hail Queen Rhaenyra Targaryen, first of her name, Queen of the Ehoynar, the Andals, and the First Men, Protector of the Seven Kingdoms and Defender of Dragonstone. The Queen decrees that her place is rightfully upon the iron throne, where the seat has been wrongfully usurped by the Craven Aegon Targaryen.

You, the plebians of King's landing and the entire Seven Kingdoms; the fight is in your hands. We must embarrass and defame the king so much that his name be written in history as “Egg-on My Face” Targaryen.

Dear Students,

It has come to my attention that there is a dubious excess of girth on my esteemed campus.

How has such a conundrum come to my attention, you may wonder? A simple answer, my friends: when my vision graces upon the students on the Diag, I use my stellar senses and often come to find too great a packing in the packages. It is utterly reprehensible. The cocks of Ohio have us beaten by a mile.

Henceforth, I have devised a solution. From this day forward, I necessitate that every schlanged student on this campus will need to have their members examined by myself and Dr. Mark S. on the Diag. If you possess a shaft edging of TWO INCHES OR LONGER, Mark S. will cut off the excess with his mighty penile cleaver. Don't worry; us PhDs are sterile with our equipment.

Additionally, you will be circumcised of your financial aid packages, placement at this school, and, needless to say, your dignity. The Central Student Government backs me wholeheartedly on this ordinance, and the penised students there have vowed to sacrifice their length if necessary. True martyrs.

This memo is for you too, grad students. Don't think you can pull out of this one like you did your post-undergrad job search.

That is all for now. No one will have anything girthier or lengthier than my flesh cannon. And may your gonads tremble under my reign.

P.S. Bring your anesthetic. We will not provide that, but CVS and Walgreens have some in their secret catalog, so you can buy from them. And for those that skip out on this mandatory examination, prepare to find a hefty fine on Wolverine Access and a strongly worded note about how your poor actions plague our prestigious university's reputation.

Best,

Basic Self-Care Tips for Men

Written by The Gargoyle Staff

Here at Gargoyle, the most accredited men's health magazine, we have some self-care tips for men. Don't worry, these are simple enough that you can do them without even thinking about the tip.

If you're not exfoliating from head to toe, you should be! Use the coarsest sandpaper you can find for best results. Better yet, sandpaper can be reused for wanking off.

Feeling down? Why not watch some Andrew Tate and break some furniture to blow off steam?

Women love it when you scratch their back, so it's best to never cut your nails. The longer and more claw-like they are, the better they'll like it.

Spreading joy and laughter is important. No one's laughing at your joke? Go ahead and repeat it to ensure everyone hears you.

Pro-tip: when you're showering, just soap up the top half of your body and let the suds flow down to clean the rest! It's a great time-saver and eco-friendly too!

Try skincare! We recommend wetting a gray rag that used to be white and pat it on your face for five seconds. Remember to do this in private so no one sees you being gay.

Make use of your natural resources: spit it is the best hair gel around!

Play the National Anthem whilst you fuck and then, WITH CONVICTION, thank your country when you cum. If your lover finds this off putting, remind them that Nixon didn't resign so they could be a whiny bitch.

Grow out those nose hairs so your mustache can have a funny little hat!

Cooties Prevention Awareness

By Charlie Splete

The CGC (Center for Gargoyle Control) has announced the return of Cooties Prevention Awareness Month. This month is dedicated to informing the public about Cooties, a highly contagious disease common in males aged 5-11, usually spread during the elementary school year. Dedicated to protecting the male population and our macho wellbeing, the CGC has released new statistics and information about avoiding this year's strain. Here at Gargoyle, we report the latest scientific and statistical news on Cooties from our lab.

Pink erasers are reported to have a higher transmission rate.

High transmission areas of Cooties include:

- The playground (possible carriers may have "Cootie catchers")
- The cafeteria, especially in line
- P.E. class (studies shown significant increase in infection rate on parachute days)
- The Scholastic book fair
- David's birthday party

In the rare instance that the disease is contracted, carriers may and be subject to:

- Social exclusion and chastisement
- General feelings of "ickiness" and "P.U."
- Swift punishment for your heinous crimes

A few practices and ways to decrease the rate of infection are as follows:

- Stay awake during naptime (subjects found this method difficult)
- Do not trade pencils, bookmarks, erasers, Silly Bandz, or other related collectibles
- Limit playdate or sleepover activities to once a week at most
- Avoid stinky girls at all times

By staying alert and using this crucial information, together we can overcome this Cooties virus and send girls to Jupiter where they get more stupider. For more information and ways to stop the spread of this treacherous disease, please contact the CGC at (666)-302-4200 or visit www.boysrulegirlsdrool.gov

BroBlow

By Luke Homans

If you're like me, a confident heterosexual, you may find yourselves at times frustrated by dating apps and the conundrums that often may ensue. You see, most often, I will politely begin a conversation with a woman, and she refuses almost INSTANTANEOUSLY to have intercourse with me. I know that this is not how the world should be, as my dad instilled a firm patriarchal belief system in me from a young age; men know what they want and they are willing to go get it! Clearly, men are the superior sex, ergo, I have created a brand new dating app—just for men!

Men know what they want and they are willing to go get it!

It's called BroBlow and it's guaranteed to make your father proud! Gone are the days of talking to uninteresting women, now you can enjoy intelligent conversations with other like-minded alpha males, and meet up if you really like each other! It's not gay because I'm not gay, obviously, but I will say that the men are often much more willing to do a little fuckin' and suckin' than those stupid females! As a (straight as an arrow) heterosexual, I've never felt more fulfilled!

BroBlow: The dating app designed by men, for men. (It's not gay, seriously!)

Gargoyle Cooking

Alpha Male Recipe

By Hailey Fiel

DESCRIPTION: Very delicious, high protein meal designed to promote gnarly gains for REAL men!

PREP TIME: 23 mins

COOK TIME: 46 mins

TOTAL TIME: 69 mins (hehe nice and hot)

SERVINGS: Feeds 1 BULKY ALPHA MALE (or 3 subprimals)

INGREDIENTS:

For Meatballz:

- 1 lb ground MEAT
- 2 scoops of protein powder (any flavor you like!
Chocolate is my personal favorite for this recipe)
- 1 egg (whites ONLY)
- Hefty pinch of salt and pepper

For Spaghetti:

- Hulking handful of noodles
- Can of spaghetti sauce
- Another scoop of protein powder (gainz only)

DIRECTIONS:

Preheat oven to 350°F (real primals only use Fahrenheit). Mash together your ground MEAT of choice with protein powder, egg, and seasonings. Roll into BALLS and place into oven to cook for 18-20 mins. Follow box directions to prepare the noodles and sauce (mix protein powder in with sauce). Combine balls, noodz, & sauce and enjoy, you manly son of a bitch!

NOTES & FAQ:

Do NOT check the internal temp of the meatballz after taking them out of the oven. A little raw meat never hurt anyone (except a few subprimals). You don't want to be a beta right???

MEN'S ALL IN ONE RULER

By Mayee C

As Santa Ono's letter has suggested, the need for a proper men's ruler is greater than ever. Here at Gargoyle, we hope to provide you with the perfect ruler for all your needs. It includes accurate measurements you'll ever need in your life and works in any situation you need to measure something. Sensational is what it is!

Make a photocopy of this page and cut on the dotted lines. You'll end up with a lovely ruler to help you with all your troubles! Take this to your local Home Depot or your next medical physical. Your doctors will thank you as well as any home construction contractors you're romantically involved with.

Email us at gargmail@umich.edu with a review of the ruler after you're done. We'll appreciate any Yelp reviews you'll leave for us!

This is the equivalent of being 6 ft tall in a lot of situations.

This is the length that Tinder girl thought you were.

This is close to the length of a cold one that hasn't partied enough.

This is the size of your finger... that is unless your hands are below average.

This is the size of one ball. Two if you've been in the pool and experienced shrinkage.
